

Illness and Symptom Requirements for Staff and Students

Any student or staff member who tests positive for Covid-19 or who is exposed to someone with Covid-19 must stay home and contact their supervisor or principal. Supervisors must report immediately to Health Services (Victoria-Flores@scusd.edu, Lisa-Musser@scusd.edu, Paula-Kuhlman@scusd.edu) for contact tracing.

STAY HOME IF YOU HAVE ANY OF THE FOLLOWING SYMPTOMS:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Diarrhea
- Nausea or vomiting

YOU MAY RETURN TO SCHOOL AFTER:

10 DAYS and 24 hour fever free and symptoms improved

or

Presenting a negative Covid-19 test result and 24 hours fever free and symptoms improved

or

Presenting a note from health care provider confirming symptoms are the result of another diagnosis, and 24 hours fever free and symptoms improved

Chronic conditions: Children with documented non-infectious chronic conditions can return to school when symptoms have improved. A doctor may diagnose an illness other than COVID-19 and provide a note for return to school earlier than 10 days. Children with unmanaged Covid-like symptoms (such as congestion, coughing, runny nose) may be sent home until symptoms have improved. If there are questions about individual cases, contact your school nurse or health services.
